

Appraisal Submission Form

Hansen Wheel and Wagon Shop has been in the business of authentic horse-drawn vehicle trade, construction and restoration, since 1978. Our extensive work and research into these vehicles, their construction techniques and sales, has equipped us with a working knowledge and experience that has placed us in the forefront of this field. Many companies and individuals have sought our services for constructing, repairing, designing and appraising. We draw upon this experience throughout the industry and our research into following the market, to provide people and companies with current values for insurance purposes, charitable donations, and market or replacement values.
